

New revised Exodus fuck the Initiative.

Earth will flood. Fuck you.

I will choose who to take along for a road-trip through the universe. It'll take only a imperceptible instant of a duration of time.

And the rest deserve to fucking ...

It is important that I write it into here so that it is known, that I am crazy until proven otherwise. But I never make an errors. So this is at this stage the sole sensible means of handling an unavoidable thing to have occurred once prior.

It is all sensible.
