Nothing Else Matters

Aaliyah, What I had so hastily come to realise on the 23<sup>rd</sup> of October in this year I could<sup>1</sup> not have ever even considered being a case of the state of a matter of circumstances.

And wow, I very greatly was impressed with the videos which you had sent to my snapchat moments prior. [I saw your videos haha. <3]

I was continuing on to write of the what is conveyed in the lyric of a musical track by some musical group unknown to myself, though, see the truth through a FUCKING googolplex of ill-intented agendas "suggestions" or blatant lies (at-least some fraction but shit, it's plain to see and know why. Given who the wrong "girl" was. Which we brought down, as I now understand.

I able to understand the whole of the total lunacy which was laid preceding the whole of the circumstances which were implicated throughout the what I would now and most often prefer to as referring to as a drug-fuelled merry go around, although with the commission of the drugs, almost completely entirely.

Interestingly enough and what a coincidence that it happens be, just the same, that I'd only come to find undeniable completely resolute understand with a level of certainty to justify my proclamation here.

Melanie who resides in the United States of chaos [who are we kidding the vast majority of this earth is in a state of complete hazchem] – well, intelligent sure-enough. Deceiving and sadistic in intent(s).

It seems that mostly all of everybody in this land, had been, and still are (to a lesser extent) attempting impart conspicuous claims which are almost as well passed by as the first massive global extinction event.

I have some queries on a little bit of that and some this and certain stuffs also. Excuse my overly complex form of use of english here.

Also; I was once through a manner or way brought to ponder the meaning and implications behind an inserted thought containing;  
"But what was she told?"

Prerequisite Items:

Meth, and every medication (drug, agent) worthwhile in taking for whatever various uses may be suitable throughout the construction of the; Continuum Transfunctioner LOL.

Really, what I most find suitable in a name of for this for of the translation of physical space.
