

Outrageous.

So I know what happened, it took a-lot to bring a first-ever to the Universe. On our part, ...
[Mice and men]

And nobody can blame me if I couldn't give a fuck any more, at this stage. HAHA.

It is the same situation since I'd initially analysed the circumstance unfolding, which is this; the separation caused between the living, is rooted in:

- IGNORANCE, IDIOTIC, AND UNINSPIRED, SEPARATED FROM, US;
- KNOWLEDGEABLE, IMAGINATIVE, AND PURPOSEFUL.

:-)

Good good, carry on.

Who even cares any fucking more. Seems only I did, and even now I couldn't give a fuck.

Kind regards,
Christopher Csatos

PS: Who cares? Or cared..? LOL. No-one, until perhaps recently. And I don't even fucking bother any-more.

Goodbye.
